## History

Aqua-Brella™ is a family owned and operated business for over 25 years offering a wide variety of safety cover choices, which include 3 styles of mesh and 1 type of solid. All safety covers are designed to be the safest and strongest possible. The use of double strapping throughout the entire cover, both topside and bottom, provide up to 50% more break strength compared to single strap construction. Aqua Brella™ safety covers meet or exceed ASTM standards.

## SAFETY POOL COVERS

Make Sure You Ask For It By Name!

## Because Your Safety Is Our Priority.

Every Aqua Brella™ Safety Pool Cover is engineered and designed to be the safest and strongest cover possible. While some of the competitors use a single strap system on their covers, Aqua Brella™ Safety Covers are made with double strapping throughout the cover. The double strapping guarantees almost twice the break strength compared to the single strap. With our solid brass anchoring system and stainless steel springs, our goal is to make the safest cover possible. Our covers meet and exceed all ASTM standards, giving your family and your pool the Aqua Brella™ Blanket of Protection.

### DOUBLE STRAPPING

Compared to single strapping used by some “other” cover manufacturers, our double strapping is nearly twice as strong. We use double strapping on our entire cover, not just the perimeter edge, which provides you with extra strength and safety.

### STRAP SPACING

Our strap spacing is much closer than some “other” cover manufacturers. With closer spacing you cannot lift the edge of the pool cover to gain access into the swimming pool.

**MADE IN THE USA • CUSTOM SHAPES ARE OUR SPECIALTY.**

### ECONOMESH: 10 year pro-rated warranty

Standard of the industry grade of economy mesh material. Same fit and quality as higher grade mesh. This material is designed to allow water to pass through for drainage and safety and keeps debris out, making maintenance easy. Available in green/black construction.

### ENDURAMESH: 10 year pro-rated warranty

A tighter woven mesh allows water to pass through it while keeping large particles of dirt and debris out of your swimming pool making opening and closing your pool an easy task. Available in green/black construction.

### EXTREMESH®\* 15 year pro-rated warranty

A tightly woven mesh that blocks nearly 100% of the sun's rays preventing algae growth. Rain and melting snow pass right through for easy drainage and safety. Durability and strength will protect your family and investment. Available in green/black, tan/black, blue/black and gray/black construction.

### SOLID: 10 year pro-rated warranty

Available with or without mesh drain(s) panels. Cover without mesh drain panels blocks 100% of sunlight and is sold with an automatic pump. To meet ASTM standards, the pump must be used at all times. Available in green, blue, tan and gray.

\* U.S. Patent No. 6,886,187 99% Shade Factor

**IN ACCORDANCE WITH ASTM-F 1346-1991**

## ALL OF OUR SOLID COVERS OR MESH COVERS
